

## Road Operations Manager

We are excited to be recruiting a new Road Operations Manager. Based in Muscat with a requirement for frequent travel to the network in the Interior, you will be responsible for ensuring the highest standard of operations and maintenance of 2000km of graded and blacktop roads. Whilst ensuring the highest standards of health and safety, quality and customer engagement for our teams and road users.

### Your main responsibilities will include:

- Ensuring the highest standards of health and safety are always maintained.
- Deliver customer excellence safely and to budget while maximising benefits to Carillion Alawi, its clients and road users.
- Actively lead/support quality and assurance audits, ensuring high-risk activities are sufficiently managed and mitigated.
- Work with the client representatives to develop and implement a roads strategy (up to 5 years) comprising scope, specification, innovation, safety, industry best practices, and technology.
- Actively engage with local subcontract partners, including SMEs and LCCs, to develop a robust subcontracting strategy.
- Manage and deliver regular management information (MI) for Opex and Capex functions to internal and client stakeholders.

### Education and Experience

- Minimum 15 years of leadership experience in the road operations and maintenance industry.
- Ideally educated to degree level in a relevant discipline (e.g., civil engineering, road maintenance, etc.).
- Possesses knowledge of complex functional or business areas associated with road maintenance and operation (e.g., graded road maintenance, blacktop rehabilitation, scheme development, asset management, etc.).
- Experienced in managing remote road assets, ideally in hot and arid environments.
- Understands road designs and can constructively challenge existing standards to support continuous improvement.
- Track record of success in supporting a major business contract or business unit.
- Experience and know-how in implementing and managing technology solutions associated with asset management, projects, and work orders.
- Membership of a professional body with Intermediate Level qualifications as a minimum (preferred).
- Middle East and Oman experience an advantage.

Interested candidates matching the necessary criteria above can apply by sending their CV/Resume to [hr@carillionalawi.com](mailto:hr@carillionalawi.com)
